

Partner Integration Manager Job summary:

Do you enjoy leveraging technology to improve both your company and your customer's business? We are seeking an individual who can be an internal and external champion for reducing touchpoints and increasing the speed and quality of executing our customer orders in a dynamic and fast paced environment. As the Partner Integration Manager, you will be responsible for leading our integrations and data exchanges (Primarily PromoStandards) with all companies that we exchange data with. This consists of understanding the data structure that we have in place, leading on any new deliverables about the data, and owning the data structure for all types of data we share with our partners. All troubleshooting and data validation will be owned by this position. The Partner Integration Manager will also be responsible for managing the relationships, communicating in both technical and nontechnical discussions, and the delivery of data exchanges with all our partners.

As a Partner Integration Manager, you should have a solid technical background combined with customer facing experience. A problem-solving attitude with an ability to motivate the team to achieve specific goals is essential skills to perform well in this position.

The ability to read, validate, and communicate in XML, JSON, and other data formats is essential. The skills to connect to databases and communicate requirements in Oracle, MS SQL, and MONGO DB, will be used daily.

Responsibilities:

- Analyze Koozie Group integration requirements
- Write integration design documents including data mapping and business rules
- Share requirements specifications and seek acceptance
- Hand over requirements to the technical team for implementation
- Ongoing collaboration and clarifications with both the customer and the technical team
- Assistance with testing during system testing and user acceptance testing
- Interaction with product management when platform changes are required
- All other duties as required

Qualifications:

- Bachelor's Degree in IT, Business, Management, or relative field of study
- At least 5 years of hands on Integration Management Experience, Promotional Industry experience required
- Knowledge and experience with PromoStandards strongly preferred
- Proven work experience with integrations and data exchanges between businesses.
- Hands on experience organizing and validating data.
- Advanced skillset in Excel and other data manipulation tools.
- Good understanding of NoSQL database fundamentals, including data storage, data modelling, and data access patterns.
- Experience in client/service architecture, service-oriented architecture, and developing Restful web services
- Knowledge on containerizing web applications and spring boot microservices using Docker Framework.
- Document feature requirements, release plans and guide offshore teams through the entire SDLC process in a DevOps environment.

- Experience understanding or using Java, MONGO DB, Spring boot
- Knowledge of XML & JSON, RESTful Services
- Customer-service oriented with a problem-solving attitude
- Ability to resolve issues under pressure
- Ability to understand how data relate to business needs/ objectives
- Excellent written and verbal communications skills
- Teamwork skills, both within the company, and with partners
- Occasional travel required

Our customers come from all walks of life and so do we. We hire great people from a wide variety of backgrounds, not just because it's the right thing to do, but because it makes our company stronger. If you share our values and our enthusiasm to Keep the Good Going, you will find your way at Koozie Group. Koozie Group is proud to be an Equal Opportunity Employer. We do not discriminate against any applicant or employee based on race, age, sex (including pregnancy, childbirth, or related medical conditions), gender, marital status, national origin, ancestry, citizenship status, mental or physical disability, religion, creed, color, sexual orientation, gender identity or expression (including transgender status), veteran status, genetic information, or any other characteristic protected by applicable federal, state or local law. Koozie Group also prohibits harassment of applicants and employees based on any of these protected categories. In compliance with the Americans with Disabilities Act, Koozie Group will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective and current employees to discuss potential accommodations with the employer.
