Resume' Listing

To whom it may concern,

Having had extensive experience in the Promotional Products Industry, I'm sure that you'll agree that I would be a great addition to many Suppliers within the Promotional Products Industry!

Most recently, I've worked with Soardist Displays as the East Region Business Development Representative. Through this role, I've created a considerable number of relationships with clients throughout the East Coast as well as the Midwest.

I am a sales/relationship oriented professional with expertise in client relationship management, customer satisfaction, retention, and account management. I possess astute business knowledge and I also possess experience from the distributor standpoint, having been an independent distributor, myself.

In my previous roles, I've consistently gained respect from both staff and management through effective communication and liaison. I've also exceeded both my clients as well as my managements expectations through goal setting, working collaboratively with coworkers and management alike to further our company's goals. I also worked independently to assist with improving the efficiency and productivity of my own workflow.

Within my resume' I've only included 3 references, but many more can be provided upon request.

Sincerely,
Patricia "Tricia" Williams
