

EXHIBITOR MANUAL

Welcome

Welcome to The PPAI Expo Exhibitor Manual! The information found on the pages below are designed to help guide exhibitors through the planning process of exhibiting at The PPAI Expo. We encourage you to thoroughly review this document, especially those areas that pertain to you and your booth and ask questions for any areas you need further clarification on.

PPAI generally follows the International Association of Exhibitions and Events (IAEE) guidelines for display rules and regulations. IAEE's revised 2023 edition has been used as a resource to create consistent and fair exhibiting standards for PPAI events.

Anyone who violates The PPAI Rules and Regulations is subject to an assessment of \$500 for each violation and/or forfeiture of space priority for future PPAI Expositions. Repeated violation may result in loss of the right to exhibit or attend PPAI Expositions.

INCORPORATION OF [RULES AND REGULATIONS](#)- Any and all matters pertaining to the PPAI event and not specifically covered by the terms and conditions of the contract shall be subject to determination by PPAI in its sole discretion. PPAI may adopt rules or regulations, or be required to adopt rules or regulations, from time to time governing such matters and may amend or revoke them at any time, upon reasonable notice to Exhibitors. Any such rules and regulations (whether or not included in the online Exhibitor Manual or similar document) are an integral part of this document and are incorporated herein by reference. General Information

Who May Exhibit?

Exhibit privilege is open to Supplier and Business Services members who are in good standing with PPAI and current in payment of dues and all other charges invoiced by the Association and have executed the exhibitor's contract. PPAI Qualified Nonmember Suppliers may exhibit if they are in good standing with PPAI, have executed the nonmember exhibitor's contract and paid all related nonmember fees.

The primary purpose of The PPAI Expo and PPAI sponsored shows is to provide distributors and qualified resellers exposure to suppliers' promotional products, premiums, and business gifts and to provide appropriate educational forums and opportunities. The secondary purpose of The PPAI Expo and PPAI-sponsored shows is to provide distributors (and their qualified designees), other members and resellers exposure to business services, products and equipment that facilitate and enhance the supply chain of suppliers' products through distributors to end buyers.

Equipment, machinery, parts, or materials used in the production or decoration of promotional products, and exhibited for the purposes of distribution, sale or resale, may only be exhibited in a specifically designated area. Such equipment, machinery, parts, or materials are typically used in the awards and recognition, decorated apparel and digital printing industries.

PPAI reserves the right to decline any request if it is not in the best interest of The PPAI Expo, or other PPAI sponsored shows. Exhibit locations within these areas are based on a priority point system.

Non-exhibiting Business Services members may exhibit the products of nonmember suppliers provided such members have a.) Met the requirements of 1 and 2 above; b.) Provided the Association with a list of nonmember suppliers whose products will be exhibited. The nonmember whose products are being exhibited must also identify its literature, sales aids, etc. with its industry identification number, if any; and must agree in writing to comply with the above requirements prior to having its products exhibited at a PPAI Exposition.

Any nonmembers who are regional association members or industry subscribers will be eligible to exhibit directly through the association and are not required to exhibit through a non-exhibiting Business Services member.

Any nonmember supplier's product may be exhibited at not more than three shows in a time period not to exceed 18 months, after which the firm must apply for membership in PPAI and be accepted in order to have its products exhibited.

Solicitation of Goods and Services: Only those firms registered at the Exposition as Exhibitors (member and nonmember) may solicit their goods and services. Specifically, non-exhibiting suppliers, guests and members of the press are prohibited from soliciting business during the Exposition. Violation of this rule can lead to immediate removal from The PPAI Expo and non-admittance into future PPAI events.

Assignment

Exhibit space is assigned under a priority system established by PPAI on execution by the exhibitor of the exhibitor's contract and payment of the exhibit fee. Exhibitors that have common ownership will be assigned based on the highest number of priority points. Exhibitors that are not affiliated by common ownership who want to exhibit in a group will be assigned space based on an average of all their priority points. Each exhibitor, in priority point order, is allowed to select one contiguous booth location on the show floor. Upon completion of the initial space allocations, exhibitors will have the opportunity to secure additional noncontiguous exhibit space. An exhibiting company may reserve space only for its own use and may not assign or sublet space to other exhibitors. In exhibiting their products, Nonmembers and or companies using the services of non-exhibiting Business Services members will be assigned space on the basis of their own priority points, if any. Provided, however, that if such companies' products are exhibited in space not separated from the non-exhibiting Business Services members location by booths of other exhibitors, the priority assigned to such space shall be based on the lowest number of priority points of any client whose products are exhibited in the Business Service member location. Non-exhibiting Business Services members who exhibit the products of others have no priority in the assignment of booth space.

Fees

Member booth fees range from \$28.45 - \$36.45 per square foot. Nonmember booth fees range from \$38.45 - \$46.45 per square foot. Cancellation by exhibitor will result in a forfeiture of all booth fees **PPAI Show Management will not permit exhibit installation unless all booth and**

*Upcharge applies

Linear Booth

	Inline / Linear
Standard Height	8'
Extended Height	10'
Hanging Sign Permitted*	N

DEFINITION. Linear Booths, also called "in-line" booths, are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle.

DIMENSIONS & USE OF SPACE. Linear Booths are ten feet (10') wide and ten feet (10') deep, i.e. 10'x10'. A maximum back wall height limitation of eight feet (8') is allowed, unless an extended height fee of twelve percent (12%) is paid to be allowed to extend up to ten feet (10') high.

Regardless of the number of Linear Booths utilized, (e.g. 10'x20', 10'x30', 10'x40', etc.) display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. A maximum height of eight feet (8') is allowed only in the rear half of the booth space, with a four-foot (4') height restriction imposed on all materials in the remaining space forward to the aisle. (Note: When three (3) or more Linear booths are used in combination as a single exhibit space, the four foot (4') height limitation is applied only to that portion of exhibit space which is within ten feet (10') of an adjoining booth.)

Corner Booth

	Corner
Standard Height	8'
Extended Height	10'
Hanging Sign Permitted*	N

DEFINITION. A Corner Booth is a Linear Booth at the end of a series of in-line booths with exposure to intersecting aisles on two sides.

DIMENSIONS & USE OF SPACE. All guidelines for Linear Booths apply.

Perimeter Booth

	Perimeter
Standard Height	8'
Extended Height*	16'
Hanging Sign Permitted*	Y Up to 16'

DEFINITION. Perimeter Booth is a Linear Booth that backs to an outside wall of the exhibit facility rather than to another exhibit.

DIMENSIONS & USE OF SPACE. All guidelines for Linear Booths apply to Perimeter Booths except that the extended height fee of twelve percent (12%) is paid to be allowed to extend up to sixteen feet (16') high.

Island Booth

	Island
Standard Height	16'
Extended Height*	22'
Hanging Sign Permitted*	Y Up to 22'

DEFINITION. An Island Booth is a booth exposed to aisle on all four sides.

DIMENSIONS & USE OF SPACE. An Island Booth is a minimum of twenty feet (20') by twenty feet (20') or larger, although configurations vary. The entire Cubic Content of the space may be used up to the maximum allowable height, which is sixteen feet (16'). Twenty-two feet (22') is the maximum height allowed when paying the twelve percent (12%) extended height upcharge. All hanging signage and graphics require an additional upcharge. See the Hanging Signs Section for details. For any ground supported structure requiring rigging support from the ceiling, the twelve percent (12%) upcharge will be enforced, as if it were hanging signage.

Extended Height

Extended height may be purchased for your space for an additional twelve percent (12%) of your total exhibit space cost, based on your booth configuration. Exhibitor is responsible for covering cost of structure and signage used in the extended height area. Please note the following Extended Height allowances:

	Inline / Linear	Corner	Perimeter	Island
Extended Height*	10'	10'	16'	22'

Exhibitor must "finish" the portion of the booth that exceeds eight (8') feet and backs up to the neighboring booth. PPAI reserves the right to have Freeman adjust unfinished portions of the booth that back up to neighboring booths at your expense. The additional fees paid to PPAI for special booth configurations are in addition to any charges by Freeman or the facility for equipment and labor to make these modifications.

Hanging Signs and Graphics

A Hanging Sign upcharge may be purchased for your booth space, for an additional twelve percent (12%) of your total exhibit space cost. Hanging Signs are only allowed on Aisle Spans (six (6) booths or greater), Island and Perimeter booths. Hanging Signs should be set back ten feet (10') from adjacent booths and be directly over contracted space only. Height is measured from the floor to the top of the hanging sign/graphic. Please note the following height allowances:

	Aisle Span	Perimeter	Island
Hanging Sign Permitted*	Up to 16'	Up to 16'	Up to 22'

Aisle Carpet Span

Linear exhibits with at least six hundred (600) square feet of exhibit space and at least three (3) booths on each side of the aisle facing each other may choose to have carpet spanned over the aisle. This option will incur a Special Booth Configuration fee of twelve percent (12%) of your total exhibit cost. The aisle must be free of any exhibit items and be maintained as an aisle. Aisle carpet spans cannot contain more than a single pad under the carpet. Exhibitor is responsible for covering cost of carpet and carpet pad used in the aisle carpet span area.

Elevated Aisle Span

Linear exhibits with at least six hundred (600) square feet of exhibit space and at least three (3) booths on each side of the aisle facing each other may choose to have an aisle span over the aisle. This option will incur a Special Booth Configuration fee of twelve percent (12%) of your total exhibit cost.

An exhibitor may “bridge or span” the aisle if they are in accordance with the following rules: The “bridge or span” must be structural component of the booth such as a roof or a sign that conforms to the architectural integrity of the booth and the bridge. The maximum height of the “bridge or span” can only be ten feet (10') to top of span from the exhibit floor.

Exhibitor must also purchase an Aisle Carpet Span and is responsible for covering cost of structure and signage used in the Elevated Aisle Span.

Multi-Story Exhibits

Exhibitors must provide engineering stamped documents for all Multi-Story Exhibits. Exhibitors must notify PPAI Show Management in writing no later than 60 days from the opening date of event, for approval and further instruction.

A Multi-Story Exhibit is a booth where the display fixture includes two or more levels. Multi-Story Exhibits are only permitted for Island Booths only. All multi-level booths must have two (2) remote means of egress if the upper level is greater than 300 square feet. If any exhibiting booths have multiple levels or room(s) with enclosures, visible notification must appear on the stairway(s) or outside the room. This notice must state the maximum occupancy permissible or total weight load allowable on the second story at one time. If the second story occupancy level allows more than ten (10) people at one time, a second stairway must be present.

Towers

Exhibitors must provide engineering stamped documents for all Towers over eight feet (8'). Exhibitors must notify PPAI Show Management in writing no later than 60 days from the opening date of event, for approval and further instruction.

A Tower is a free-standing exhibit component separate from the main exhibit fixture. The height restriction is the same as that which applies to the appropriate exhibit space configuration being used. Fire and safety regulations in many facilities strictly govern the use of Towers. A building permit or safety lines may be required.

Canopies / Ceilings

Exhibitors must notify PPAI Show Management in writing no later than 60 days from the opening date of event, for approval and further instruction.

Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or for hanging products). Canopies for Linear or Perimeter Booths should comply with Line-of-Sight requirements (see “Use of Space for Linear Booths”).

The base of the Canopy should not be lower than seven feet (7') from the floor within five feet (5') of any aisle. Canopy supports should be no wider than three inches (3"). This applies to any

booth configuration that has a sight line restriction, such as a Linear Booth. Fire and safety regulations in many facilities strictly govern the use of canopies, ceilings and other similar coverings.

Sound

The use of sound for mechanical reproduction of sound or music is permitted but must be controlled. Sound of any kind may not be projected outside the confines of the booth. PPAI reserves the right to determine at what point sound constitutes interference and must be discontinued. Sound and noise should not exceed 85 decibels when measured from the aisle immediately in front of a booth.

All broadcasting of music in an exhibitor's booth either live or by mechanical means is subject to copyright laws. Exhibitor must obtain licenses and pay appropriate fees to ASCAP (American Society of Composers, Authors & Publishers), BMI (Broadcast Music Inc.), SEASAC or before broadcasting music in conjunction with this event.

Storage

Fire regulations prohibit storing product, literature, empty packing containers, or packing materials behind back drapes or under draped tables. Exhibitors may store a limited supply of literature or product appropriately within the booth area, as long as these items do not impede access to utility services, create a safety problem, or look unsightly.

Vehicle On Display

Exhibitor wishing to display a motor vehicle in their booth must review, complete, and return the attached [Vehicle Display Request](#).
